

UrbanStride Size and Shoe Care Guide 2026

General Sizing Guidance

Most UrbanStride shoes fit true to size.

Customers who are between sizes should choose the larger size for walking shoes, running shoes, and slip-ons.

UrbanWalk Lite has a slightly narrow fit. Customers with wider feet may prefer going half a size up if available.

CloudStep Slip-On and CloudStep Daily have relaxed fits.

Men's Size Guide

UrbanStride men's shoes are generally available in US sizes 7 to 13, depending on the product.

Customers should check the product catalog for exact sizes available in each product.

Women's Size Guide

UrbanStride women's shoes are generally available in US sizes 6 to 11, depending on the product.

Customers should check the product catalog for exact sizes available in each product.

Wide Sizes

UrbanStride does not currently offer dedicated wide-width sizes in this guide.

Customers with wider feet may prefer relaxed-fit styles such as CloudStep Slip-On or CloudStep Daily.

Cleaning Mesh Shoes

For mesh or knit shoes, remove loose dirt with a soft brush.

Use mild soap and cold water on a soft cloth.

Do not use bleach.

Do not put mesh or knit shoes in a washing machine.

Air dry at room temperature.

Do not use direct heat, dryers, or heaters.

Cleaning Leather Shoes

For leather shoes, wipe with a dry or slightly damp soft cloth.

Use leather conditioner when needed.

Do not soak leather shoes in water.

Do not machine wash leather shoes.

Allow leather shoes to dry naturally away from direct heat.

Cleaning Sandals and Slides

For sandals and slides, wipe with a damp cloth and mild soap.

Allow them to air dry.

Do not expose them to high heat for drying.

Water Exposure

Most UrbanStride shoes are not waterproof.

UrbanWalk Pro and StreetFlex Runner are light splash resistant, but they are not waterproof.

CoastEase Sandal and CoastEase Slide are water-friendly for light exposure but are not designed for swimming.

Leather shoes should be kept away from heavy water exposure.

Storage

Store shoes in a cool, dry place.

Avoid storing shoes in direct sunlight for long periods.

Make sure shoes are dry before storing.

Care Limitations

Improper cleaning, machine washing, direct heat drying, and heavy water exposure may damage shoes and may void warranty coverage.
